In the light of the pronouncements of the Hon'ble Supreme Court of India, in case of TMA Pai Foundation [(2002) 8 SCC 481] and, as explained in P.A. Inamdar [(2005) 6 SCC 537]; as to the permissible Regulations and restrictions imposable by the State Government: on the rights of the Managements of Private Un-aided Professional Colleges in the context of their 'rights of Management' that are guaranteed under the Constitution, and; in furtherance of the Constitutional Amendment [by 93rd Amendment Act] to Article 15 (5) of the Constitution enabling to provide for 'special provisions' for reservations, in the matter of admissions to 'professional courses' in private institutions; seeking to so provide for; under its Policy of Reservation: State of Karnataka having enacted Act No. 8 of 2006 regulating 'admission process' and, 'determination of fee structure' in private professional colleges and:

Whereas, in the process of enforcing / implementing them having found it necessary to further the interests of some sections of students of Karnataka entitled to the benefits of its Reservation Policy; having further agreed during the deliberations that took place between the Government and the Private Professional Institutions Associations and their representatives for 'working out' a suitable 'consensual arrangement' for admission to professional courses for the academic year 2022-23.

And Whereas, with an intention to provide adequate and better access to Engineering Education to the students of the State, Government had, in the past, made appeals periodically, to the 'Karnataka Unaided Private Engineering Colleges Association' (KUPECA) seeking its co-operation for a suitable consensual agreement as enabled / permissible under the decision of the Hon'ble Supreme Court in P.A. Inamdar's case and by the provisions of Act No. 13 of 2006, 23 of 2007, 23 of 2012, 50 of 2013, 29 of 2014 and 39 of 2015.

M.K. Panduranga Setty
Secretary, KUPECA

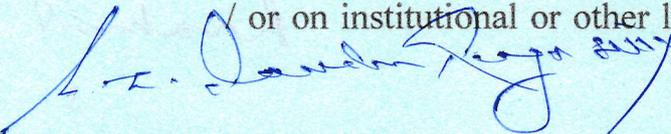

And Whereas, the State Government and the managements of private professional colleges, since then, having worked out periodically under different consensual arrangements providing for seat sharing, process of admissions and determination of fee structure; etc., and said arrangements / consensual agreements, having been given effect to, the Hon'ble Supreme Court having directed and permitted the parties to the consensual arrangement to work out the same for the started respective academic years and;

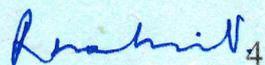

And Whereas, both the parties having found it satisfactory, fair and reasonable and necessary to continue such arrangements for the ensuing academic year as well; having called for deliberations in this regard and having had extensive consultations and keeping in view the need for effectively implementing the Reservation Policy of the State as well as, facilitating better access to professional courses to the students of State and simultaneously maintain high standards and improving quality of education being imparted to the students community, have decided to provide for this 'consensual agreement'; on similar terms as before; with required modifications;

And Whereas, members of KUPECA having met and deliberated on the request and resolving to adopt a policy in tune with reservation policy of the State and to participate and contribute to the welfare measures of the State; and though during the deliberations, there were several opinions as to inappropriateness of method of admissions resulting in interference with their rights of administration and the inadequacy of funding, due to issues like, implementation of seventh pay commission pay scales, implementation of new policy of imparting of free education by creating supernumerary additional intake of 5% in Engineering Colleges, etc., and the high costs for imparting quality education, keeping in view the larger interest of the students and at the same time, assurances by the Government of ensuring 'viability of the institutions' and their growth by providing appropriate minimum of funding and to take all steps that are necessary to give legal sanction for the arrangements; and keeping in view the time constraint and the need to achieve certainty, it was decided and it is agreed now between the State Government and Karnataka Unaided Private Engineering Colleges' Association (KUPECA), that following Consensual Agreement, set out in the detailed terms / conditions of agreement as hereunder, being within the framework of law, as contemplated under P.A.
