SIX DAYS SKILL TRAINING ON

PYTHON FOR DATA SCIENCE

Electrical and Electronics Engineering

A one week workshop on Python for Data Science was conducted for the first year engineering students belonging to the Department of Electrical and Electronics Engineering, Shridevi Institute of Engineering and Technology. An expert trainer named R Loganathan belonging to Neelaveth Software Solutions; Coimbatore took charge in training the young dynamic students.

The week began on an energetic note with the session being inaugurated by the Principal. He stressed on the role Python played in today's world. Python is being used in a large variety of applications these days. He motivated the students to take full advantage of the session.

Mr Ravikumar G H , the Head of Department of Electrical and Electronics Engineering and Mrs Umabai, Skill Coordinator stressed on the impact the knowledge of Python has in the upcoming world. She also stressed on the importance given by the Management in supporting academic ventures that play a pivotal role in improving the life of the students and also the society as a whole. He introduced the various trainers who had come from far off places for delivering practical content benefitting a wide variety of industries.
